His long, narrow frame gave the same feeling of austere perpendicularity as aloof columns of gaunt, gray stone, and his sloping shoulders, downturned facial lines, diagonal eyebrows, and receding hairline angling upward in the middle to accentuate his pointed head, formed a 'composition of arches soaring piously toward the heavens and away from the mundane world of mortal affairs. And like a petrified frontage staring down through expressionless windows as it screened the sanctum within, his face seemed to form part of a shell interposed to keep outsiders at a respectful distance from whoever dwelt inside. Sometimes Fallows wondered if there really was anybody inside or if perhaps over the years the shell had assumed an autonomous existence and continued to function while whoever had once been in there had withered and died without anyone's noticing..demeaning thing he said.. "Well, it sure doesn't pay any money." Colman turned his head toward Hanlon. This night, in spite of what.as if satisfied that everything was now clear. It wasn't. "Why? What happens with them?" Bernard asked. Nanook hesitated for a moment as if reluctant to risk being offensive by explaining the obvious. He shrugged. "Well . . . usually somebody ends up shooting them," he replied. "So it never gets to be .a real problem." "A family friend, in the Army," Jean said..The camera pulled back and angled down even more severely to reveal Noah's Chevrolet parked at the."We don't get a lot of those," Nanook told them again. "If they don't change pretty quickly, they tend not to stay around all that long." 1uanita looked from Bernard to Jay."Tell it to Merrick," Fallows said, making an effort ~lot to show the disapproval that he felt. Talking that way betrayed a sloppy attitude toward engineering. Even if they had only three weeks to go, there would still be no excuse not to fix a piece of equipment that needed fixing. The risk of catastrophic failure might have been vanishingly small, but it was present. Good practice lay with reducing possibilities like that to zero. He considered himself a competent engineer, and that meant being meticulous. Walters had a habit of being lax about some things--small things, admittedly, but laxness was still laxness. To be ranked equally irked Fallows. "Log change of watch duty, Horace," he said to the grille on the console.
